Dear Kelly,

With your summer tour nearing an end, on behalf of all your colleagues I would like to express our appreciation for your assistance.

I have learned from your supervisors that you were a most willing, productive and efficient worker. This is commendable and indicates to me that you were indeed aware of your involvement in an essential operation.

It has been a pleasure having you as a member of our summer only program, Kelly. As you begin your senior year at Catawba College we wish you very happy and successful years ahead.

Sincerely,

STAT
